Subtotal: \$964.00 USD

Tax: \$0.00 USD

Total: \$964.00 USD

Terms and Conditions

- Payment is due within 30 days of invoice receipt unless otherwise agreed in writing.
- Delivery of products will be made within the standard timeline of 2-3 weeks from order confirmation, subject to stock availability.
- All products come with a manufacturer warranty of 3 years covering defects in materials and workmanship.
- Technical support is provided for 90 days post-delivery, including assistance with installation and troubleshooting.
- Returns or exchanges are accepted within 14 days of delivery, provided the products are in original condition and packaging.

Implementation Notes

- Deployment includes physical installation of the AMD Ryzen 9 7950X3D CPU and GIGABYTE X670E AORUS PRO X motherboard into the customer's system.
- Setup involves BIOS configuration and driver installation to ensure optimal performance and compatibility.
- Training sessions will be provided to the customer's technical team on system operation and maintenance.
- Integration support includes assistance with connecting the new hardware to existing systems and software environments.
- Post-deployment testing will be conducted to verify system stability and performance benchmarks.

Next Steps

- Confirm order details and quantities with the sales representative.
- Schedule delivery date aligning with the customer's availability and project timeline.
- Prepare the deployment environment, including workspace and necessary tools for installation.
- Arrange training sessions for the technical team post-installation.
- Review and sign the terms and conditions agreement to proceed with the order.
