Total: **\$0.00 USD**

Terms and Conditions

- Payment Terms: Net 30 days from invoice date.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation.
- Warranty: Full manufacturer warranty included for all hardware components.
- Support: One year of technical support included, covering installation assistance and troubleshooting.
- Data Protection: Customer is responsible for regular backups; solution includes RAID configuration for data redundancy.
- Installation: On-site installation and configuration services available at additional cost.

Implementation Notes

- Deploy NAS server with configured RAID setup to ensure data redundancy and protection.
- Setup storage capacity to meet or exceed 16TB using Seagate Enterprise Capacity HDDs for reliable video backup storage.
- Configure network settings to support transfer speeds of at least 2.5 gigabits per second for efficient video data backup.

- Provide initial training for IT staff on system operation, maintenance, and backup procedures.
- Integrate NAS server with existing IT infrastructure and video backup software for seamless operation.

Next Steps

- Confirm final product selection and quantities based on storage and performance requirements.
- Approve quote and sign purchase agreement to initiate order processing.
- Schedule delivery and installation within the 1-month timeline.
- Arrange training sessions for IT staff on NAS server usage and maintenance.
- Plan for ongoing support and maintenance post-deployment.
