Terms and Conditions

- Payment Terms: Net 30 days from invoice date.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation, subject to product availability.
- Warranty: Full manufacturer warranty included for all hardware components as per manufacturer terms.
- Support: Includes 1 year of technical support covering installation assistance, troubleshooting, and software updates.
- Installation and configuration services are provided as per the agreed scope; any additional services will be quoted separately.
- Customer is responsible for providing suitable environment and network infrastructure for installation.

Implementation Notes

- Deployment will include delivery and physical installation of the NAS device and network equipment at the customer site.
- Configuration of RAID 5 or RAID 10 on the NAS device to ensure data redundancy and performance as per customer requirements.

- Setup and testing of 2.5 GbE network connectivity including switch and Cat6a cabling to achieve required transfer speeds.
- Basic training will be provided to the IT department on NAS management, backup scheduling, and monitoring.
- Integration support for existing backup software and video management systems will be offered to ensure seamless operation.

Next Steps

- Please provide your contact details (name, email) to prepare a formal quote document.
- Confirm your budget range and any additional features or services you require.
- Confirm your desired timeline for implementation to align delivery and setup schedules.
- Review and approve the detailed quote once received to proceed with order placement.
- Schedule a kickoff meeting with our technical team to plan deployment and training.
