Seagate Enterprise NAS	Seagate Enterprise NAS (storage)	1	\$379.00	\$379.00

Subtotal:

\$379.00 USD

Tax:

\$30.32 USD

Total:

\$409.32 USD

Terms and Conditions

- Payment Terms: Net 30 days from invoice date.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation, subject to product availability.
- Warranty: Full manufacturer warranty included covering defects and hardware failures for the duration specified by Seagate.
- Support: Includes 1 year of technical support for setup, configuration, and troubleshooting.
- Returns and Exchanges: Products may be returned or exchanged within 30 days of delivery if found defective or not as described, subject to approval.
- Confidentiality: All customer data and information handled during the engagement will be kept confidential and secure.

Implementation Notes

- Deployment will include installation of the Seagate Enterprise NAS with 16TB capacity configured in RAID 6 for fault tolerance and high reliability.

- Setup will ensure compatibility and integration with the Synology DiskStation DS1821+ environment as specified.
- Network configuration will include options for Gigabit Ethernet and optional 10GbE network card installation for high-speed data transfer.
- Training will be provided for your IT staff on NAS management, RAID configuration, and scalability options to support future growth.
- Post-deployment testing will be conducted to verify data integrity, fault tolerance, and performance for video backup storage.

Next Steps

- Please provide your preferred contact email for order confirmation and communication.
- Confirm the delivery address for the NAS server shipment.
- Specify any preferences for hard drive brands or additional accessories you may require.
- Schedule a technical consultation session for deployment planning and configuration support.
- Review and approve the quote to initiate order processing and deployment within the 1-month timeline.
