Terms and Conditions

- Payment Terms: Net 30 days from the date of invoice.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation, subject to product availability.
- Warranty: Full manufacturer warranty included covering defects in materials and workmanship for the duration specified by the manufacturer.
- Support: One year of technical support included, providing assistance with setup, troubleshooting, and maintenance.
- Returns and Exchanges: Products may be returned or exchanged within 30 days of delivery in original condition and packaging, subject to approval.
- Liability: The supplier is not liable for any indirect or consequential damages arising from the use or inability to use the product.

Implementation Notes

- Deployment will include initial hardware setup and configuration of the NAS server to meet specified technical requirements.
- Setup will cover RAID configuration, network interface setup, and installation of the QTS operating system for user-friendly management.
- Scheduled backups and snapshot technology will be configured to ensure reliable data protection and redundancy.
- Cloud synchronization will be enabled to support secure remote access and offsite backup capabilities.
- Training will be provided for IT staff on system management, backup scheduling, and remote access procedures.

Next Steps

- Please provide your contact details (name, email) to proceed with the formal quote and order processing.
- Confirm your budget range and any specific customization or additional requirements for the NAS solution.
- Review and approve the proposed terms and conditions to finalize the purchase agreement.
- Schedule a deployment date to align with your IT resource availability and project timeline.
- Coordinate with our technical team for any pre-deployment questions or integration planning.
