Item	Description	Qty	Unit Price	Total
Seagate Enterprise NAS	Seagate Enterprise NAS (storage)	1	\$379.00	\$379.00

Subtotal:

\$379.00 USD

Tax:

\$30.32 USD

Total:

\$409.32 USD

Terms and Conditions

- Payment Terms: Net 30 days from the date of invoice.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation.
- Warranty: Full manufacturer warranty included covering hardware defects and failures.
- Support: One year of technical support included, covering installation assistance and troubleshooting.
- Installation and configuration services are not included in the product price and can be provided at additional cost upon request.
- Customer is responsible for providing suitable environment and network infrastructure for the NAS deployment.

Implementation Notes

- Deployment will include installation of the Seagate Enterprise NAS with RAID 6 configuration for fault tolerance and high reliability.
- Setup will involve configuring network connectivity options including Gigabit Ethernet and optional 10GbE network card for faster data transfer.

- User-friendly management interfaces will be configured to reduce administration overhead and facilitate easy scalability.
- Training sessions can be provided to the customer's IT staff for efficient management and operation of the NAS system.
- Integration with existing backup and video storage workflows will be planned to ensure smooth data transfer and retrieval.

Next Steps

- Please confirm your preferred contact details and delivery address for the quote and order processing.
- Schedule a technical consultation to discuss deployment support and any customization requirements.
- Confirm any preferences for hard drive brands or additional features you may require.
- Review and approve the quote to initiate order processing and delivery scheduling.
- Prepare your network environment and IT team for the upcoming NAS deployment within the 1-month timeline.
