Tax: \$8.24 USD

Total: **\$111.23 USD**

Terms and Conditions

- Payment is due within 30 days of invoice date unless otherwise agreed in writing.
- Delivery of the Timetec 30TTQNS3SATA-2TB SSD will be made within the agreed timeframe upon receipt of payment and confirmation of order.
- The product comes with a manufacturer warranty covering defects in materials and workmanship for a period of 3 years from the date of purchase.
- Technical support is available during business hours for installation, configuration, and troubleshooting related to the Timetec SSD and associated NAS server setup.
- Any customization or additional services requested beyond the standard product offering will be subject to separate agreement and pricing.
- The customer is responsible for ensuring compatibility of the product with existing infrastructure and for data backup prior to installation.

Implementation Notes

- Deployment will include installation of the Timetec 2TB SATA SSD into the NAS server with 4 drive bays as specified.
- Setup will configure RAID 6 redundancy to meet the requirement for data integrity and redundancy.
- Network integration will leverage the built-in 2.5GbE ports on the QNAP TS-453D NAS with optional 10GbE NIC installation if required.
- Training will be provided to designated IT staff on managing the NAS server, scheduling weekly backups, and monitoring storage growth.
- Integration with existing network infrastructure will be planned to minimize downtime and ensure seamless operation.

Next Steps

- Please provide your contact details (name, email) to finalize the quote documentation.
- Confirm your budget range and any specific financial constraints to tailor the proposal accordingly.
- Specify your expected timeline for purchase and deployment to align project scheduling.
- Review and approve the proposed terms and conditions to proceed with order processing.
- Schedule a technical consultation session to discuss deployment details and training requirements.
