Terms and Conditions

- Payment Terms: Net 30 days from the date of invoice.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation, subject to stock availability.
- Warranty: Full manufacturer warranty included for all hardware components as per manufacturer terms.
- Support: One year of technical support included, covering setup assistance and troubleshooting.
- Data Security: Customer is responsible for regular backups and data security beyond the provided RAID redundancy.
- Liability: The supplier is not liable for data loss beyond hardware failure covered under warranty.

Implementation Notes

- Deployment will include installation and configuration of the Synology DiskStation DS1821+ NAS with RAID 6 setup for 16 TB usable storage.

- Setup will ensure 2.5 gigabit Ethernet connectivity for high-speed data transfer as per technical requirements.
- Training will be provided to designated IT staff on NAS management, backup procedures, and RAID monitoring.
- Integration support will be offered to connect the NAS solution with existing video backup workflows and IT infrastructure.
- Scalability options will be discussed to plan for future storage expansion as business needs grow.

Next Steps

- Confirm final product selection and quantities based on the proposed NAS and storage drives.
- Approve the quote and sign the purchase agreement to initiate order processing.
- Schedule a kickoff meeting to align on deployment timeline and resource availability.
- Prepare the network environment for NAS installation, including ensuring 2.5 gigabit Ethernet readiness.
- Plan for IT staff availability for training sessions post-installation.
