\$1,080.00 USD

Terms and Conditions

- Payment Terms: Net 30 days from invoice date.
- Delivery: Estimated delivery within 2-4 weeks after order confirmation, subject to product availability.
- Warranty: Full manufacturer warranty included for all hardware components as per Seagate and QNAP standard policies.
- Support: One year of technical support included covering hardware and software setup assistance.
- Installation and configuration services are not included unless explicitly agreed upon and may incur additional charges.
- Customer is responsible for data backup prior to deployment; no liability for data loss during installation.

Implementation Notes

- Deployment will include installation of Seagate IronWolf NAS drives into the Synology DiskStation DS920+ 4-bay NAS server.
- Configuration of RAID 6 redundancy to ensure high data protection and fault tolerance.

- Setup of 2.5 GbE network connectivity including optional 2.5 GbE network card installation for enhanced transfer speeds.
- Initial system configuration and testing to verify video backup and streaming capabilities.
- User training session on NAS management interface and scalable storage/user management features.

Next Steps

- Please provide your contact details (name, email) for formal quote documentation and communication.
- Confirm your preferences for delivery and installation, including any onsite support requirements.
- Specify if you require any additional backup software or remote access features with the NAS solution.
- Review and approve the quote terms and conditions to proceed with order placement.
- Schedule a deployment date within the next month to meet your timeline requirements.
